THE CORPUS CYCLE SAFE CAMPAIGN

A large percentage of Cambridge students do not:

- Wear a cycle helmet
- Wear reflective items allowing them to be seen
- Have suitable front and rear lights on their bikes
- Adhere to the Highway Code
- Have their bikes serviced

Students who ride without both lights and helmets are clearly putting themselves, and others, at risk of having an accident.

**NB:** Local police carry out spot checks during the winter months to “encourage” students to purchase a set of lights – failure to comply can lead to a fine.

The attitude of other road users towards cyclists means that the cyclist must always be vigilant.

Cyclists need to:

- Always be aware of all other road users and pedestrians and ride defensively
- Ensure they can be easily seen by other road users, whatever the weather, or time of day
- **Always** wear a helmet
- Have their bikes in good working order

**Where can bikes be purchased from and serviced?**

**Ben Hayward Cycles** (opposite the main College entrance) offer a wide selection of bikes for the serious cyclist, together with clothing, lights, helmets etc.

**Cambridge Cycle Centre** (located nearby in Botolph Lane) offer lower priced bikes.

**The Bike Man** (on the Cambridge Market square) offers a good selection of second hand bikes and servicing at reasonable prices.

For a large proportion of our students a bike is a ‘must have’ to get to the various University sites around Cambridge.

Enjoy the exercise - and stay safe!
